RECTOR OF EÖTVÖS LORAND UNIVERSITY

DISTINGUISHED PROF. DR. MEZEY BARNA,

On behalf of the academic management team of Varna Free University "Chernorizets Hrabar" and the Head of the Russian Center of the university I would like to express my gratitude and content from the constructive and responsible participation of the delegation representing your university headed by Ms Zhuzhanna Dimeshi. During the VIII school for international qualifications "Contemporary educational technologies for teaching Russian as a foreign language" (22-26 August, 2016). This school is amongst the most successful projects of Varna Free University and Russkiy Mir Foundation. It has been organised for 8 consecutive years so far and it has become one of the most popular schools for young lecturers in Europe. This international school was announced "Project of the year" by the Assembly of Russkiy Mir Foundation for 2015. More than 400 Russian speakers have mastered their methodological skills and knowledge thanks to the school. Students representing leading universities from 15 different European countries have been active participants as well.

The useful contacts between the students and the lecturers which have been established during the school give us the confidence that there is great potential for the development of business and academic activities between our institutions.

I would like to use this opportunity to invite you to visit Varna Free University "Chernorizets Hrabar" in a time which would be most convenient for you. This would allow us to discuss various opportunities for mutually beneficial academic partnerships such as:

- Joint degree programmes.
- Forming joint teams for scientific research and European projects.
- Teaching, staff, and student mobilities.
- The establishment of clusters, alliances and other organisational forms to support the intellectual growth and development of the economy and the society at large.

Wishing you good health and successful academic development, I will be looking forward to hearing from you.

Sincerely yours,
Prof. Anna Nedyalkova D.Sc.
